

Powerful, compact and flexible Enterprise level digital signage

The Sedao PRO-V3 is an enterprise level multi-zoned digital signage player ideal for organisations wanting to engage with their audience 24/7. Payout on screens of any size, landscape or portrait, and use the Sedao design software bundle to create layouts which simultaneously display multiple information zones using all your existing media – movies, photos, websites, electronic posters and more.

As the first system to support use as a Cloud, LAN or stand-alone signage player, the PRO-V3 can be used for single site, single or multi-screen applications, and multiple site multi-screen applications.

PRO-V3

- Choose to either manage your display from your online account using any internet connected device, or via your secure LAN network
- Choose from a range of modern templates with varying multimedia zones including built in time and date widgets
- Add your logo, colour scheme and theme image to the templates for a personalised display or create your own unique layout using the Sedao design software
- Update your message with text, images, videos, news feeds, pdfs, PowerPoint and more
- Send emergency messages instantly
- Easy to use and designed for non-graphic/non-technical users
- Cost effective with no ongoing costs for a single screen with basic plan features

Easy to follow Set-up Wizard for a complete Out-of-the-Box customer experience to get you started today!
